*At Minden Medical Center, our goal is to deliver the highest quality healthcare available in Webster, Claiborne and Bienville parishes. With the help of dedicated physicians, employees, volunteers and board members, and your support and encouragement, we are advancing our mission of making our community healthier.*

—Greg Pearson, CEO

At **Minden Medical Center**, we spent 2016 exploring ways to advance our mission of making the communities of Webster, Claiborne and Bienville parishes healthier. And by focusing our efforts on creating a place where people choose to come for healthcare, physicians want to practice and employees want to work, our more than 90 year legacy of caring for our communities is stronger than ever.

**Inviting the best physicians into our communities and supporting them** is one of the most important drivers of our ability to offer the best possible healthcare to the region. During the past year, Minden Medical added **a new physician** in internal medicine and nephrology.

And while **delivering high quality patient care close to home** is the single most important contribution we make, there are many other ways we're making a positive impact in our communities.

In **creating excellent workplaces for our 526 employees**, we made **\$3,906,924 in capital improvements** in 2016, including a number of quality improvements to our state-of-the-art facility such as the \$2.2 million renovation of our Laboratory and Health Information Management department and the purchase of new equipment. And we managed and distributed an **annual payroll of \$29,932,010**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$1.77 million in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility** – both at the hospital and in the community. In 2016, we paid a total of **\$686,427 in taxes**, as well as provided numerous sponsorships and donations to local organizations.
